Professional Summary

A 4th year Computer Science student with Engineering Management skills. Each providing a strong ability in analyzing data and delivering strong solutions to certain issues, in addition to a strong suit in web design & computer architecture.

Succeeded in projects such as data analysis, web-application programming, and adding a library of subroutines to a given web-based computer architecture simulator, each demonstrating a strong foundation in design, technical, and engineering thinking.

Academic Experience

CS Experience

Programming & Web Development:

- Applied C++ in problem-solving questions showcasing algorithmic knowledge
- Utilized Python and MATLAB in analyzing and manipulating datasets
- Mastered web-development in a web-application programming project with my team (Project URL: <https://youtu.be/74VnMne7GRQ?si=WiMttl3WfAtp3l2o>)

Hardware & Networking:

- Applied logic in hardware and coded assembly language showcasing a strong understanding in how both software and hardware interact
- Worked on a project with my team where we implemented a software algorithm library to a given web-based computer architecture simulator using assembly code and web-application programming.
- Mastered networking logic and basics of security such as data encryption and decryption

Engineering Management Experience

- **ACC201:** Acquired a Certificate in “Analyzing Financial Statements in Python”, showcasing a strong ability in manipulating data to satisfy needed operations.
- **EGM362 (Project Management):** Applied project management skills in a project with my team where we created an application development management plan.

Skills & Certificates

- Fluent/Native in Arabic & English
- C++, Python, and MATLAB programming skills
- Web Development (HTML, CSS, JavaScript, Java, and MySQL programming)
- Certified in Analyzing Financial Statements in Python

Education

American University of Sharjah, College of Engineering | September 2023 -

Bachelor of Science in Computer Science | Current GPA:
Minor in Engineering Management

International School of Choueifat Sharjah | 2009 – 2023

Additional Test Scores
