Professional Summary

Motivated Senior year Computer Science student with a strong foundation in programming, algorithms, and problem-solving. Experienced in developing software development and data analysis through academic projects, with an interest in applying technical knowledge to real-world challenges. Eager to learn and ready to contribute effectively to a professional team while gaining industry experience.

Academic Experience

CS Experience

- Strong foundation in C++ programming, data structures, and algorithms
- Knowledge of algorithm design, complexity analysis, and optimization techniques
- Understanding of Artificial Intelligence concepts and search algorithms
- MATLAB for numerical computing, data analysis, and problem solving
- Experience working with datasets to solve problems through collaborative projects
- Knowledge of digital systems, CPU organization, and assembly language
- Full-stack web development experience using HTML, CSS, JavaScript, Java, and MySQL
- Understanding of computer networks and basic security concepts

Skills

- C++, Python, and MATLAB programming skills
- Web Development (HTML, CSS, JavaScript, Java, and MySQL programming)
- Fluent/Native in Mandarin and English

Extracurricular Activities

- Vice President and Treasurer of Chinese Cultural Club
- Executive Assistant of Music Club
- Media team in Artificial Intelligence Club
- Media team in AUS Law Society
- Research Assistant at the Department of International Studies
- Volunteer at Sharjah City for Humanitarian Services

Education

American University of Sharjah, College of Engineering | September 2023 -
Expected graduation | May 2027

Bachelor of Science in Computer Science
Dean's List Recipient
Minor in Music

Philadelphia Private School | 2017 – 2023
US High School Diploma with Honor
