SUMMARY

Computer Science student at the American University of Sharjah (expected 2027) with hands-on experience across Python, C#, C++, Java, and game development with Unity. First-place winner of the Nokia Open Innovation Challenge for independently designing and building a network analysis application. Proven track record of taking software projects from idea to finished product, with strong problem-solving skills and the ability to quickly pick up new technologies and domains.

EDUCATION

American University of Sharjah

B.S. Computer Science, College of Engineering — Sharjah, UAE

Expected 2027

Al Maaref Private School

Diploma of Higher Education — Dubai, UAE

2009 – 2021

PROJECTS

Network Capacity Analyzer — Nokia Open Innovation Challenge 1st Place

- Independently designed and developed a web application to analyze and visualize network capacity data.
- Won first place among competing teams for technical execution and problem-solving approach.

Jadwal — Outing Planning Web Application

- Built a full-stack web application that simplifies organizing group outings and activities.
- Streamlined event planning, scheduling, and coordination into a single intuitive platform.

HP Gaming Garage x UNDP Game Development Bootcamp

- Gained hands-on experience in Unity game development, game design principles, and interactive application development.
- Developed game prototypes while strengthening skills in C#, Unity, and collaborative software development.

TECHNICAL SKILLS

Programming

Python, C#, C++, Java, Assembly

Machine Learning	Beginner exposure to PyTorch, TensorFlow, scikit-learn (coursework level)
Game Development	Unity, game design principles
Tools	Git, GitHub
Currently Developing	Remote sensing, hyperspectral/Earth observation data, GeoAI

LEADERSHIP & EXTRACURRICULAR

Google Developer Groups on Campus (GDGoC) AUS — **Oct 2024 – Jan 2025** Media Coordinator

- Managed media coverage and content creation for GDGoC AUS events and initiatives.
- Promoted community activities and workshops to grow member engagement.
